

FAQ

Are there bed linen, towels, bathrobes, etc.?"

Bed linen, bath towels, hand towels, and sauna towels are available on-site and included in the price free of charge.

Bathrobes are also available on request and for a small rental fee.

Why are pets not allowed on a farm?

Yes, exactly, we have chickens and sheep, cats, and even more animals. This is already one of the reasons why we explicitly cannot allow dogs - to protect our animals.

The other reason is our high-end furniture, which can be damaged by pets, and sharing them creates an increased need for cleaning.

Even if you are certain that your pet won't create any issues, we have to make a judgment for us that then affects all visitors equally. We ask for your understanding.

What about sauna and whirlpool use?

The sauna and whirlpool are available to all guests.

There is a board where you can sign in at the desired time to have an undisturbed sauna or bath. We recommend that you sign up in time.

The hot tub is simply removed from the cover and is ready for use immediately. The sauna should be preheated about 1 hour before use. After use, the cover should be closed again and, if no one wants to sanitize afterward, the sauna should be turned off again and ventilated.

Between 5 and 7 p.m., the use of the sauna is not restricted, so someone else may be relaxing with you.

Are there dishes, cutlery, and kitchen equipment?

The kitchens of the apartments are fully equipped, and all include dishwashers.

Is there free parking on site?

Yes, directly in front of the house are free parking spaces for cars.

Is there an e-charging station?

Yes, we have an e-charging station available for our guests.

What about nearby shopping opportunities?

For our guests, there is a small farm store as a service. 5 minutes by car there is an ATM, supermarket, pharmacy, tobacconist, flower store, and post office.
